#### **Sec. 44-182. Class B manufactured home requirements.**

All singlewide (class B) manufactured homes in the R-2 residential district shall meet the following appearance criteria:

- (1) *Exterior finish.* The exterior siding shall consist predominantly of vinyl or aluminum lap siding whose reflectivity does not exceed that of flat white paint, wood or hardboard, comparable in composition, appearance, and durability to the exterior siding commonly used in standard residential construction.
- (2) *Roof construction and pitch.* The roof shall be designed to have a minimum rise of 2 1/2 feet for each 12 feet of horizontal run and finished with a type of shingle that is commonly used in standard residential construction.
- (3) *Placement of homes.* All homes shall be placed on the lot in harmony with the existing site-built structures. Where no neighboring structures are available for comparison, it shall be sited with the front running parallel to the street providing access to the site. On corner lots the side with the greatest road frontage shall be considered the front. On culs-de-sac the home shall be sited with the front running parallel to the street access.
- (4) *Chassis and tongue removal.* The towing tongue shall be removed upon final placement of the unit, underskirted or screened with shrubbery. Such shrubbery shall be of a height to ensure a total visual barrier of the towing apparatus and maintained so as to continue their effectiveness.
- (5) *Underskirting, decks and permanent steps.* Underskirting, decks and permanent steps shall be in accordance with the following:
  - a. All singlewide manufactured homes in an R-2 residential district shall have the entire perimeter of each home enclosed from the ground to the bottom of the structure with material manufactured for this purpose in accordance with standards set by the state regulations for manufactured/mobile homes.
    1. Examples of commonly recognized building materials suitable for use as underpinning shall include but not be limited to the following list: brick masonry; concrete block masonry; natural or synthetic stone masonry; masonite siding; or vinyl sidings. Assemblies, products and materials manufactured expressly for the purpose of underpinning shall be installed in accordance with the manufacturer's specifications.
    2. The underskirting shall be vented in accordance with the state regulations for manufactured/mobile homes.
  - b. All singlewide manufactured homes shall have either a deck or porch, with steps. This structure shall be located in the front of the

home. The minimum square footage shall measure at least 36 square feet. If the owner constructs a deck or porch over 36 square feet, it must meet volume VII of the state residential building code. All steps, decks, porches, entrances shall be installed and constructed in accordance with the standards set by the state regulations for manufactured/mobile homes or, when applicable, volume VII of the state residential building code.

**Sec. 44-183. Temporary manufactured homes.**

The zoning administrator may issue a zoning compliance permit for a temporary manufactured home if the following conditions are met:

- (1) The manufactured home shall be located a minimum of 30 feet from the principal structure.
- (2) The manufactured home shall only be occupied by the following:
  - a. Relatives to the second degree of kinship (sons, daughters, mothers, fathers, brothers, sisters, grandparents) of the residents of the principal dwelling on the lot;
  - b. The sick, disabled or elderly; or
  - c. A holder of a building permit for a principal structure on the same lot to be occupied, for not longer than one year during construction of the principal structure.
- (3) If the manufactured home is occupied by relatives, as provided in subsection (2)a of this section, the permit shall be valid for one year and may be renewed for a maximum of three additional one-year periods.
- (4) If the manufactured home is occupied by the sick, disabled, or elderly, as provided in subsection (2)b of this section, the permit shall be valid for as long as the personal condition exists.
- (5) The manufactured home shall have access to potable water and a sewage disposal system approved by the county health department.
- (6) The manufactured home shall not be located in any required yard.
